**TRUSTED FOR GENERATIONS**  
— THE WORLD'S BEST DOWN —

**WE ARE LOU AND PETER WHITTAKER**  
Eddie Bauer Guides and father/son with a combined total of more than 400 summits of Mt. Rainier. Eddie Bauer is our Down.

### 5 REASONS WHY EDDIE BAUER MAKES THE WORLD'S BEST DOWN

- 1. PREMIUM GOOSE DOWN** We select only premium goose down from mature birds raised in the cold climates of Europe. This results in larger down clusters with longer filaments that are stronger, warmer and more compressible.
- 2. HIGH FILL POWER** Bauer down exists at the highest end of the technical scale, providing a higher cluster-to-feather ratio that ensures high compressibility and down that traps more heat per ounce than standard industry fill.
- 3. RESPONSIBLE SOURCING** All Bauer Down comes from a Bluesign® approved supplier. This mark of industry responsibility ensures our supply of fill meets leading environmental standards and regular audits in the areas of resource productivity, consumer safety, emissions and occupational health and safety.
- 4. ALLERGEN-FREE** All Bauer Down undergoes rigorous cleaning and testing of its down to ensure its free of chemicals and irritants. Down is rated hypoallergenic at 400mm turbidity, but our down measures up at more than twice that rating.
- 5. DURAWASH™ CLEANED** All Bauer Down undergoes a proprietary process of multiple washes in biodegradable, environmentally friendly detergent and recycled water.

in the First Ascent® selection is designed to provide comfort and warmth in the outdoor elements. Slim, athletic styling minimizes bulk when worn as part of a technical layering system.
