FOURSQUARE
Gold Label

Foursquare Gold Label 2008

Many are called, but few are chosen. That is the principle behind our Gold Label line, which was born in response to calls for a more exclusive Foursquare collection. Yet unlike bland brands that simply step down technology, inflate the cost and call it core, we crafted each piece with a high-caliber concept matched to the taste of our most dedicated faction.

Gold Label is not made for everyone. But for hard-charging riders who have flown our flag since day one and crave apparel that is truly specialty, our invitation-only collection identifies serious disciples as part of an inner circle. Using only the finest materials, the softest linings and fully custom trims, this premium line is designed for the select few.

Pepe Jacket

Page 3
