AT THE TELEDAZE SKI RACE

A Note from Paul Fish:
Now is the best time to get out and enjoy the winter back-
country. You might even try a new sport. For novices (even
experts) there are classes all over the country. You can
learn everything from Avalanche Skills to Snowshoeing.
Mountain Gear even sponsors and attends a few, like the
Ouray Ice Festival and the Beyond the Groomed Telemark
Clinic.

Attending festivals and clinics is one of the best parts
of my job. We can share stories, compare notes on places
to go and gear we need, and maybe even climb or ski
together.

I also get invaluable feedback from you. Feedback I can
take back to our staff so we can serve you better. Hope to
meet some of you this winter, and remember to get out and
play.
