Rolling Thunder —by The North Face

For gear-intensive adventures, this wheeled duffel packs it all in. An aluminum chassis supports heavy metal loads, in-line wheels roll through airports without delay and a kickstand keeps it upright in the airport lounge or the rental car line up.

Black #101014 \$195.00

Size	Volume. Cu. In.	Weight	L x W x H (in.)
One Size	8,400	14lb 3oz.	32 x 14 x 16

Endless Road —by Dana Design

Whether by bus, plane or train, this first-class duffel rolls right along with any travel plan. A horse-shoe opening makes packing easy, compression straps cinch down the load and a ticket pocket keeps the guidebook, itinerary and journal close.

Black #562152

Large \$199.95 Behmoth \$299.95

Size	Volume. Cu. In.	Weight	L x W x H (in.)
Large	6,800	8lb	29 x 16.5 x 10.5
Behemoth	10,000	12lb	35 x 18.5 x 13.5

Airporter —by Osprey

Protect big packs from check-in to baggage claim with this strap-saving sheath. Drawcord closure, webbing noose and a self-stash pocket.

•Wt. 8oz. •8,000 cu. in.

#103660 \$36.00

Base —by The North Face

Truck tarp material has made these bomber duffels a standby on everything from alpine expeditions to interstate relocations. Double-stitched seams survive rough travel, four compression straps cinch it down and padded alpine-cut straps shoulder the load.

TNF Yellow, TNF Red, Alkali Blue, Black #101314

Small: \$99.00 Medium: \$110.00 Large: \$120.00

Extra Large: \$135.00

Size	Volume. Cu. In.	Weight	L x W x H (in.)

130L	8,000	4lb 7oz.	32 x 14 x 15

Mesa Shirt —by Mountain Hardware

Whatever the destination these shirts keep their cool and travel well. Ripstop fabric dries quickly and shades sun, while a split hem vents and pleated pockets keep important essentials safe.

•Quickdry Rip •Rubber buttons •UPF 35 •100% Polyester

Men's Short Sleeve: S-XL Cactus, Deep Sea

#200690 \$44.95

Men's Long Sleeve: S-XL Cactus, Deep Sea

#200688 \$54.95

Canyon Pant & Short

—by Mountain Hardware

These styles beat the heat when seeking southern exposure. Nylon twill allows vapor to vent, mesh pockets drain and an unlined conical waist stays dry. The pant features a cinch-up drawcord cuff and articulated knees.

•Canyon Cloth •7" inseam (short) •UPF 50 •100% Nylon

Men's Pant: S-XL Chaparral, Lead #552001 \$54.95

Men's Short: S-XL Chaparral, Lead #552003 \$39.95

Steri Pen

—by Hydro-Photon

In the budget hotel or on the trekking circuit, this tiny pen-like device uses UV light to make water from questionable sources safe in an instant. Effective against Giardia, bacteria and viruses.

•Wt. 3.7oz. •AA batteries not included

#165815 \$149.95

Sabrina Shirt —by The North Face

Travel the globe in style with this cap sleeve shirt. The fabric combines stretch polyester with a VaporWick treatment for all day dryness and a flattering fit. Small chest pockets look stylish, while a concealed side-seam pocket zips in cash.

•VaporWick Sabrina stretch fabric •Side-seam zip pocket •UPF 30 •Poly/Elastane

Women's Short Sleeve: XS-XL Volcanic Red, Liquid Blue

#200862 \$44.95

Paramount Highland Capri

—by The North Face

With mesh-lined jean pockets, a constructed waist and cuff ties, this capri goes great with clogs or flip-flops. A DWR treatment sheds weather and stains, while nylon Paramount fabric stays in attractive shape even after a week on the road.

•100% Paramount nylon •Cuff ties •UPF 30

Women's: 4-12 Asphalt Gray, Fossil Ivory

#200748 \$49.95

Super Passport Pouch

—by SunDog

Keep the big three—passport, cash and tickets—safe on the inside when negotiating crowded streets or riding crowded foreign buses.

•Dimensions: 5.75" x 8"

Cobalt #702007 regular \$18.00 **Our Price \$12.98**

Torque —by Osprey

Firm molded construction allows this stylish courier-shaped bag to stay open when you need to retrieve items inside. Foam backpanel structure keeps your spine comfy and the goods protected. Hypalon patches provide a clip-in for blinker lights, while a laptop sleeve, cable routers and dedicated pockets keep it all dialed in.

•Wt. 2lb 4oz. •1200 cu. in.

Desert Lichen, Black #106549 \$84.00

Quiver —by Arc'Teryx

Swift swing-around access makes this three-point pack a savvy way to explore any destination. Watertight zippers, internal mesh sleeve and thermo-molded straps.

•Wt. 1lb 10oz. •670 cu. in.

Citrus #365907 \$89.00

Waypoint Travel Packs —by Osprey

Oz, Baja and the EU are all on the life list for these two-part packs. Ethereal suspension handles month-long loads, foam sidewalls protect accumulated items and panel-load access makes locating flip-flops or clean socks painless. A detachable daypack rides along with pouch clips and holds essential items close.

•Ethereal suspension •Tuck-away suspension cover •Detachable daypack included

Handheld Satellite Phone

—by Globalstar

When your expedition takes you to remote locales, this handheld phone keeps your party safely connected to the outside world. Providing unlimited service throughout the continental US and enabling a connection for calls from over 100 countries, It maintains the critical link for calling in a rescue, arranging a resupply or sorting out the location of your downstream pick up with the bush pilot. The phone features digital voice, internet, position location, voice mail and SMS text messaging services that will work from any mountain elevation in the coverage area. Perfect for packing along, it weighs only 12 ounces, features a three hour talk-time battery and has crystal clear voice quality. The phone is constructed from durable field-tested materials and is made to survive the most rugged environments from base camp in Patagonia to the vast Canadian wilderness.

#155055 Regular \$949.00 **Our Price \$845.00**

See our web site or speak with a Mountain Gear customer service representative to learn more about service plans, options, and coverage details.

FlyBar 1200 — by FlyBar

Feeling too grounded by your training routine? The FlyBar will charge things up with some big air excitement. Great for building balance, strength and stoke, this tricked out pogo stick uses an elastometric spring that is powered only by leg strength and body weight. An adjustable piston length controls bounce height and wide foot pegs provide stability to stick the landing. More fun than most tech toys, it is capable of getting five feet of overhead air.

•Wt. 20lbs  
#640818 Regular \$349.95 **Our Price \$299.00**

Bongo Board — by Fitter First  
Hone your balance skills with this challenging training board. The 32-inch deck sits atop a multi-rotational polyurethane wheel that rolls fast and smooth on surfaces as variable as rec room shag and back deck hardwood.

#640729 \$79.00

Wobble Board

Wobble Board — by Fitter First

Strengthen ankles, build balance and find your center with this 16-inch disk. Supported only in the center, it's three adjustable height angles force muscles to work when standing on either one leg or two.

#640728 \$59.95

Weeble Boards

Weeble Boards — by Fitter First

Used in pairs, these small disks build strength and balance for both the upper and lower body. Independent action and 18-degree angles make them a challenging addition to the standard set of squats, wall sits or push-ups.

#640724 \$69.95 pair

Elite Slackline System — by Asana

Keeping with the relaxed slacker vibe, this kit lines up all the pieces for building balance or simply showing off at sunset. A simple ratcheting system keeps the line tight, 30 feet of webbing gives your toes a good platform and the instruction booklet outlines a low-stress step-by-step approach. Rings, biners and slings included. Not intended for highlining.

#101825 \$120.00

Photo: Gabe Rogel  
Jared Odgen slacklining at the Red Rock Rendezvous, Las Vegas, NV.

The Grimper

Test your crimp strength against your friends. Three finger slots for progressive difficulty.

#640727 \$29.95

Power Ball

Builds dexterity and forearm strength with internal gyroscopic resistance.

#490481 \$29.95

Gym Climbing: Maximizing Your Indoor Experience

— by Peter Lewis and Dan Cauthorn

Take your indoor game to real rock with this step-by-step guide. 187 pgs.

#500172 \$19.95

Trikke 12 — by Fitter First

Lay down some fun carves with this cool self-propulsion vehicle. Powered with a skating motion, this 3-wheeler incorporates balance, core stability and coordination into a fast and fun ride. Safe and stable, it is easy to control and guaranteed addictive.

•12" Wheel diameter •Wt. 36lbs

#640812 \$369.50

Freeride Mountain Unicycle — by Kris Holm Unicycles

If tackling technical singletrack and teeter totters on two wheels has become too easy, step up to the mountain unicycle challenge. Designed by Kris Holm—who has pushed the limits of unicycling everywhere from Mexico's Orizaba to the Great Wall of China—it is made for technical off-road riding. A stout aluminum alloy frame, high-grade componentry and a special handled seat provide the right ride for cleaning tough sections with only one wheel.

•24" Wheel diameter •Wt. 14.8lbs

Blue #640815 \$520.00

Pro Slackline Kit — by Mountain Gear

From the folks who turned a down-day diversion into a calling, this kit gets serious slackers up and running. The tight double-pulley system uses a four-to-one mechanical advantage to dial in the perfect tension, while a pack of 5 Omega biners, 75 feet of webbing and 25 feet of static rope provides every item required to get the game on. Not intended for highlining.

#640665 \$230.00

Pro Tightening System — by Slackline Bros.

If you have webbing, static line and biners coming out your ears, this block-and-tackle tensioner is all you need to get the your own slack system dialed in tight. Includes two double pulleys, one with a becket and brake. Not intended for highlining.

#640663 \$160.00

Heavy Grips —by Heavy Sports

So you think you're tough? Try one of these heavily sprung grippers. Available single or in sets, they range from resistant 100lb to bone-crunching 300lb.

Specify Resistance: 100, 150, 200, 250 or 300lbs

#640784 \$19.95

**Snoscopic Ice Axe w/ Trekking Pole**  
—by Petzl Charlet

Half axe, half pole, this ingenious hybrid stabilizes snowfield crossings or long walks over high passes. A telescoping aluminum shaft extends to 41 inches and sticks with a carbide tip, while a curved 4mm pick provides a smooth self-arrest when footing gives way. The chiseled adze cuts steps and the carbide tip is replaceable when worn down on ground.

•Wt. 1lb (65cm)

#640625   \$129.00

**Raven Pro Ice Axe**  
—by Black Diamond

Whether high on Shasta, Hood or Rainer, this super-light tool keeps weight to a minimum on glacier climbs. A stainless steel head and spike keeps strength up, while an ergonomic hand platform with notched finger rests ensures a natural grip when gaining vertical one small step at a time. Gently tapered in the pick for a smooth self-arrest.

•Wt. 14.5oz. (65cm)

Sizes: 50,55,60,65,70,75 cm  
#981232   \$99.50

**Pamir Ice Axe** —by Grivel

Used for everything from classic snow climbs and high-pass treks to instructional programs, this axe happily handles all the abuse. A carbon steel head provides bomber durability and a classic inclination—with teeth on only half the pick—increases self-arrest success. Coated with black epoxy paint to keep it in shape for the next season.

•Wt. 1lb 2oz. (65cm)

Sizes: 60,65,70,75,80,85,90 cm  
#991240   \$75.00

**Raven Ice Axe**  
—by Black Diamond

Destined for classic alpine climbs, this timeless axe design is an essential tool for charging the next looming peak. The neutral pick self-arrests without injuring limbs and the classic-curve adze provides tool utility. An ergo, stainless steel head with notched finger rests feels comfortable in the palm even on long slogs to the summit crater.

•Wt. 1lb 2oz. (65cm)

Sizes: 55,60,65,70,75 cm  
#981230   \$69.50

**Snowwalker** —by Petzl Charlet

For general-purpose use, like glacier travel or organized climbs, this affordable axe consistently makes the required gear list. Built tough, the single-piece fixed-steel head cuts steps, grips with security or self-arrests in a pinch. Complete with a chiseled adze for comfortable grip and a steel spike that holds firm to aid balance when placed in snow.

•Wt. 15oz. (68cm)

Sizes: 60,68,75 cm  
#102894   \$74.00

**Mountain Ice Axe**  
—by Omega Pacific

Opening a new path to snow climbing, this mountain tool performs all the essential axe functions at an inclusive price. Built to take abuse at altitude, it uses Laser-cut NiCrMo, 6061 Aluminum alloy and Tig-welded head and spike—to keep cost down and quality high. Perfect for aspiring new climbers or thrifty vets replacing an old-school axe.

•Wt. 1lb 7oz. (65cm)

Sizes: 60,65,70,75,80 cm  
#981250   \$54.95

**Sabretooth Crampon**  
—by Black Diamond

Ice, mixed, alpine—this multi-faceted crampon does it all. Combining a semi-rigid, horizontally railed design and an aggressive second point configuration it blends versatility, balance and control. With center strap numbering and micro heel-lever adjustability it sizes up toollessly. Powder coated to prevent rust and available in step-in or clip models.

•Wt. 2lb 5oz. (clip), 2lb 2oz. (step-in)

#106789   Clip \$129.50   Step-In \$134.50  
Sabretooth ABS Snow Plate   #101968   \$24.95  
Long Center Strap (recommended for boots size 11 and above) #101919   \$6.95

**Vasak Crampon** —by Petzl Charlet

Spring summits are the clear objective of these 12-point crampons. Ten walking points stabilize without tilting, asym lateral points reduce railing and thin front points penetrate hard morning ice. Two attachment systems—FlexLock for flexible footwear or LeverLock for boots with a heel welt—keep them firmly fixed on feet. Antisnow plate included.

•Wt. 1lb 13oz.

Flexlock, Leverlock   #640460   \$139.95  
Long Extender Bar (recommended for boots size 11 and above) #640698   \$20.00

**Ice Screw with Knob** —by Omega Pacific

Save time with an aggressive tooth bite and speed grinder knob.

#981550  
11cm \$38.95, 17cm \$39.95 , 22cm \$40.95

**Turbo Express Ice Screws**  
—by Black Diamond

Features a lock-down curled knob that spins fast and smooth.

10, 13, 16, 19, 22cm   #100583   \$52.50  
Turbo Ice Screws (without Express knob)  
13, 16, 19, 22cm   #140106   \$39.50

**Fakir Crampon Pouch**  
—by Petzl Charlet

Semi-rigid, rectangular bag with drainage holes.

#101860   \$15.00

**Tool Box**  
—by Black Diamond

Attach-to-pack design with a zippered tool pocket.

#655590   \$24.95

**Crampon Pouch**  
—by Outdoor Research

Panel style opening and external daisy chain loops.

Dark Grey  
#201155   \$28.00

**Crampon Point Protectors**

#625071   \$8.95/pair

**Air Tech Crampon w/Antibot**  
—by Grivel

Shorter spikes make this mixed modern crampon extremely functional for alternating between rock and ice. In addition to ten walking points, an extra pair of points grips on the traverse and the double angle on the final front points bites better when descending. Perfect for any alpine season, it folds in half for easy packing.

•Wt. 1lb 15oz.

Cramp-O-Matic, New Matic, New Classic  
#640620   \$140.00

**Contact Strap** —by Black Diamond

Available in a strap-only configuration, this utilitarian crampon fits almost any type of footwear—from approach shoes to snowboard boots. Horizontal rails, ten points and a flexible binding make them stable and easy to use even for relative mountaineering novices. A quick-adjust system dials in the fit in seconds flat.

•Wt. 1lb 11oz.

#101904   \$99.50  
Contact ABS Snow Plate   #101897   \$24.95  
Long Center Strap (recommended for boots size 11 and above) #101919   \$6.95

NEW

### Mondo II —by Franklin Climbing

This highball pad is big enough to cover the whole impact zone. The two-tiered foam softens landings even from twenty-foot drops, while padded harnessing makes transporting it possible and comfortable. A hinged design opens easily and always lays flat, stainless steel hardcore buckles survive abuse and beefy side zippers allow access to interior foam. Rush ship not available.

•*Dimensions 44" x 66" x 5"*

#201221   \$285.00

Photo: Phil Wise   Don Cossel testing his fingertips near the Marsupial Crag, OR

Sharma System Plus —by BlueWater

Widen your landing zone with the modular Sharma system. The System Plus features a 4-inch thick Homebase—complete with mesh pockets, padded shoulder straps and a waistbelt. A sandwich Velcro system attaches add-on Auxiliary pads when tackling new problems. Rush ship not available.

- Homebase Dimensions 39" x 48" x 4"*
- Auxiliary Pad Dimensions 39" x 24" x 4"*

Homebase #640182   \$189.95

Auxiliary Pad #640120   \$89.95

Satellite Pad —by Franklin Climbing

When stressing over cramped corners or that extra few feet of width, this supplemental pad covers the breach. Downsized from a Drop Zone, it features a continuous top layer and an easy-folding hinged bottom. Carries either with the briefcase handle or the padded shoulder strap. Rush ship not available.

- Dimensions 41" x 33" x 3"*

#640592   \$138.00

Crash Pad —by Metolius

A combo of open and closed cell foam allows these pads to distribute fall forces evenly. A 45-degree hinge overlaps the gutter on the Regular and Large, while a burrito wrap closure keeps the XXL manageable during load and unload. Tough but soft surface fabric creates a nice place to crash and burn. Rush ship not available.

Blue, Red   #101816

•*Dimensions 36" x 32" x 3"*   Regular \$139.00

Chalkboy —by Franklin Climbing

Weekend or weeknight, this gym-to-boulder bag takes your gear where you go to get strong. External mesh pockets allow shoes to air out between sessions, zip pockets hide a wallet or keys, and a big reservoir fits enough chalk to share.

#101820   \$34.95

Bouldering Bucket w/ Brush —by Metolius

Designed for communal dipping with a tapered shape to stop tippage, dual brush holders, an external pocket and taped seam construction. Includes Bouldering Brush and 2oz. bag of Super Chalk.

#102985   \$29.00

Bouldering Brush Set —by Metolius

Do your part to keep the crags looking chalk-free and gripping well. In collaboration with the Boulder Project, Metolius carefully selected these brushes for scouring down greasy chalk build-up and minimizing environmental impact.

#640457   \$29.95

Multiplicity Jacket —by Mammut

Supercharged wicking function links this stretch shell with fast shoulder season action. A modicum of wind resistance is derived from the bi-component fabric, which also stretches in three dimensions to extend personal agility. The absorbent interior collects sweat from skin and wicks it away, while a two-way zip allows up or down ventilation.

- Wt. 17.3oz. •SOFTech stretch woven •Bi-component wicking
- Two-way zip

Men's: S-XL Shadow, Carbon #201110 \$129.00  
Women's: XS-L Mercury #201111 \$129.00

Apex Magic Jacket —by The North Face

Welded seams streamline the exterior of this stretch shirt. Apex Universal fabric sheds, stretches and breathes exceptionally in high exertion situations. An infusion application toughens up high abrasion areas while core vent pockets allow perspiration an easy exit when core temps climb rapidly.

- Wt. 19oz. •Apex Universal w/ DWR •Core vent pockets
- Performance fit

Men's: S-XL Indian Clay Red, Rhythm #200217 \$149.00  
Women's: XS-L Red Glaze #200218 \$149.00

Prospector Jacket —by Cloudveil

Ultra-breathable and mechanically mobile Inertia Plus fabric gives this piece solo strength in warming weather. The stretch shell wicks moisture when working hard, while resisting wear and shedding weather at its DWR-treated surface. An arm panel doubles up against abrasion, streamlined zips slide smoothly and high-placed pockets warm cold hands.

- Wt. 11.5oz. •Inertia Plus stretch woven •Textured wicking interior
- Clean collar cordlock •High handwarmer pockets

Men's: S-XL Charcoal, Chili Pepper #200802 \$155.00  
Women's: XS-L Pumpkin #200803 \$155.00

Leviathan Jacket —by Mountain Hardwear

We singled out this soft shell for its cool weather, high output potential. A permeable nylon face slows down wind without restricting breathability, while a lofted fleece lining keeps internal temps fully stoked. A neck drawcord, chamois-lined collar and laminated cuff tabs prepare it for a primary layer role.

- Wt 14oz. •Air-Perm Nylon •Box fleece lining •Neck drawcord
- Chest and hand pockets •Laminated cuff tabs

Men's: S-XL Chili, Shark #200640 \$159.00  
Women's: 4-12 Deep Sea #200641 \$159.00

Mercury Jacket —by Marmot

This soft shell keeps protection light for the warmer months of the year. When worn by intensely active individuals, it doles out a precise amount of resistance, protection and breathability for the ultimate use. Patterned to free the fit of bulk and bind, this energetic shell bonds with athletes known to head off on any active tangent.

- Wt. 16oz. •Redpoint stretch woven •Napoleon pocket
- Zip handwarmer and inside pockets •Standard fit

Men's: S-XL Indigo Blue, Mineral #200669 \$169.00  
Women's: S-XL Cloud Blue, Margarita #200670 \$169.00

Figure Four Jacket —by Patagonia

All welded construction, air permeable fabric and any day utility lead the list on the Figure Four. Composite overlap seams shave bulk, while breathable soft shell fabric fits perfectly when resistance, mobility and versatility are required attributes. Cool Centaur cuffs keep wrists covered, while a neck gasket seals heat in and weather out.

- Wt. 15oz. •Double weave stretch woven w/Deluge DWR
- Composite seams •Neck gasket closure
- Reverse coil zips •Centaur Cuffs

Men's: S-XL Ridge Blue, Bonfire Orange #200518 \$179.00  
Women's: XS-L Cool Green #200519 \$179.00

Meteorite Pant —by Mammut

Top-flight breathability allows this pant to make the leap from a day at the crag to a high-alpine climb. Schoeller 3XDRI stretches for mobility, sheds marginal weather and breathes like a champ on extended aerobic outings. A trim waist sits flat, reinforced knees withstand rocky wear and a straight-style fit gives the vertically inclined their desired space.

- Wt. 12.3oz •Schoeller 3XDRI •Optimized waistband
- Reinforced knees •Four pockets

Men's: S-XL Carbon #201109 \$99.00

Photo: John Latta  
Mac Hudson admires Pigeon Spire, Bugaboos, BC.

Palisade Pant —by Arc'Teryx

This breathable yet durable pant comes packed with all the features required for rugged exploration. A lined, yet trim waist stays plush under a pack belt, a contoured rear yoke enables an unrestricted fit and laminated detail frees critical areas of wear. The men's packs a back wallet pocket, while the women's rides low on the hips to keep up appearances on strenuous trips.

- Wt. 10.4oz.
- TerraTex stretch woven
- Nylon cinch belt
- Low rise fit (women's)
- Rear wallet pocket (men's)
- Laminated zip thigh pockets

Men's: 30-38 Greystone #200735 \$99.00  
Men's Tall: 32-38 Greystone #200737 \$99.00  
Women's: 4-12 Dark Taupe #200738 \$99.00

G-Line Wash-in Synthetic Waterproof And Cleaning Kit —by Grangers

Reinvigorate the original repellency of synthetic garments with an application of this treatment. Optimizes breathability and rinses residue on laminates, coatings and microfibers. Safe on Gore-Tex, soft shell and Polarfleece fabrics.

#105041 \$19.95

Vertex Glove

—by Mountain Hardwear

Perfect for exposed traverses or chilly camp chores, this glove stops the wind without limiting digital dexterity. Stretch cuffs seal the wrist securely.

- Wt 4oz. •WindStopper nylon
- Power Stretch cuffs
- Close, articulated fit

Sizes: XS-L Black #104979 \$39.95

ATV Pant —by Marmot

Filled with on-the-move utility, this thin stretch pant shows high-level ambition. Schoeller Extreme fabric breathes, sheds and stretches, while interwoven CoolMax moves moisture rapidly. An articulated, standard fit shapes up for full-speed activity, roomy cargos add stash space and breathable 3XDRI repels water helping you to stay dry.

- Wt. 21oz. •Standard fit •Interwoven wicking CoolMax
- Zip cargo and hand pockets •Zip cuffs
- Schoeller Extreme Dryskin w/3XDRI

Men's: S-XL Black #100269 \$159.00  
Women's: S-XL Black #100270 \$159.00

French Roast Pant —by Patagonia

Next in the Patagonia lineage, this all-purpose pant was born with the gene for versatility. Stretch fabric exhibits the traits of mobility, resistance and endurance, while keeping temps in check with a steady supply of breathability. Cut progressively for an up-to-date appearance and schooled in every cross training discipline.

- Wt. 12oz. •Lightweight stretch woven •Invisible pocket zips
- Gusseted crotch •Contoured fit

Men's: S-XL Tar #200530 \$115.00  
Women's: XS-L Tar #200531 \$115.00

Soft Shell

**Anabol Jacket** —by Mammut

Fashioned from functional fabric, this piece blends all-weather utility with an attractive outward aesthetic. The DWR-treated face sheds precip and repels wear, while bi-stretch properties enable proactive movement. Fitted with fleece in the collar for facial comfort and a cord port in the chest pocket to keeps tunes on track.

•Wt. 22oz. •SOFTech stretch woven •Fleece lined collar  
•Chest pocket w/cord port •Two-way zip

Men's: S-XL Shadow, Carbon #201079 \$149.00  
Women's: XS-L Stone #201080 \$149.00

**Welded Omega Jacket** —by The North Face

By completely blocking out the wind chill, this piece gives reason to leave your hard shell at home. A WindStopper barrier stops wind cold, while welded seams fuse panels without breaking the seal. A waterproof HyVent stowable hood provides emergency relief from pounding precip and a performance fit removes bulk from whatever the endeavor.

•Wt. 17oz. •WindStopper jersey •Welded seams •Velcro cuffs  
•HyVent stowable taped hood

Men's: S-XL Industry #201045 \$298.95  
Women's: XS-L Ikat Blue #201046 \$298.95

**Gamma MX Jacket & Hoody** —by Arc'Teryx

Mixed climbs in mixed weather is where these alpinists earned their stripes. Constructed with Power Shield to shed nasty weather, breathe liberally and remain mobile, they are an all-discipline answer to the countless climbing variables. Both feature close cut fits and refined detailing, while the Hoody engulfs a helmet during epic episodes.

•Wt. 16oz. (jacket), 18oz. (hoody) •No-lift gusseted underarms  
•Polartec Power Shield Lightweight •Schoeller Dynamic panels  
•Laminated sleeve pocket •Chest and hand pockets

Men's Jacket: S-XL Azul, Black #100839 \$285.00

Women's Jacket: XS-L Sangria #101804 \$285.00  
Women's Hoody: XS-L Sangria #103452 \$329.00

**Alchemy Jacket & Pant** —by Mountain Hardwear

Toughened for exposure, these mixed-use pieces show dexterity when taking your game to a frozen plane. Stout Alchemy Stretch fabric repels route-induced wear and blocks bitter alpine wind, while Schoeller panels blend air-it-out breathability with full-stem, full-reach flexibility. Stretch cuffs, a neck cinch and a hem drawcord ensure thermal containment in the jacket, while a trim high-back waist and water-resistant ankle zips enhance the pant's standing as a true climber's tool.

•Wt 22oz. (jacket) 24oz. (pant) •Alchemy Stretch Nylon •Microfleece lining •Close alpine cut  
•Schoeller underarm and side panels (jacket) •Power Stretch cuffs (jacket) •High-back waist (pant)  
•Welded chest pocket (jacket) •Hem and neck drawcords (jacket) •Schoeller gusseted crotch (pant)  
•Watertight ankle zip (pant) •WindStopper laminate

Men's Jacket: S-XL Sapphire, Shark #120789 \$239.00  
Unisex Pant: XS-XL Shark #100628 \$225.00

**Synchro Jacket & Pant**—by Mountain Hardwear

A waterproof soft shell is a rare accomplishment, but these test pieces prove it can be done. Backed by a Conduit barrier and sealed with stretch tape, the shells integrate full storm security into the versatile stretch-woven mix. Welded pockets clean the exteriors, fuzzy interiors warm the body and stretch cuffs maintain proper alignment. The pant features supportive removable suspenders and long side zips for venting heated situations.

•Wt. 20oz. (jacket) 23oz. (pant) •Synchro Stretch Nylon face •Conduit laminate •Microfleece lining  
•External taped seams •Welded pockets •Attached hood (women's jacket) •Welded side zips (pant)  
•Ambush edge guard (pant) •Removable suspenders (pant) •Two-way front fly (pant)

Sue Nott unpacking at Denali basecamp, AK

**Apex Atlas Pant** —by The North Face

Fitted form and a flat waist tailor this durable pant to the climb. Apex aerobic stretch fabric exhibits great range, sheds light precip and allows the body to breathe. An ankle zip makes for an easy transition, a half-fixed waist gets the belt size right and a right thigh cargo stashes essentials within easy reach.

•Wt. 17.6oz. •Half-elastic waist •Belt loops •Ankle zip  
•Side thigh cargo

Men's: 30-38 Industry #200099 \$149.00  
Women's: 4-12 Black #200207 \$149.00

**Gamma MX Pant** —by Arc'Teryx

A calculated mentality makes the MX Pant a guide's choice for hard objectives. Stretchy, breathable and weather-shedding fabric tackles everything from mixed climbs and spring tours to long alpine approaches. Dialed in with alpine-focused details like high volume thigh pockets, an adjustable cuff circumference and Schoeller instep patches.

•Wt. 18oz. •Polartec Power Shield lightweight •Adjustable cuff  
•Schoeller Dynamic panels •Two-way zipper (men's) •Snap waist  
•Gusseted crotch

Men's: S-XL Black #100849 \$249.00  
Men's Tall: M-XL Black #100850 \$249.00  
Women's: XS-L Black #101380 \$249.00

**Sphynx Jacket** —by Mountain Hardwear

Well-placed protection makes this hybrid ideal for climbers not deterred by poor weather. Conduit-backed ripstop sheds weather, skinny taping seals at the surface and stretch nylon underarms allow full biomechanical function. Readied to meet alpine weather head on with a stow hood, an interior bottle pocket and welded zips on a clean face.

•Wt. 23oz. •Recon Ripstop w/Conduit laminate •Stow hood  
•Hybrid Stretch Nylon panels •Welded zips, laminated tabs  
•External taped seams

Men's Sizes: S-XL Shark/Sapphire, Black/Shark #104458 \$259.00

**Manticore Jacket** —by Mountain Hardwear

True to form, this hybrid charges tough routes with tenacity. Textured stretch-nylon panels vent and move on difficult pitches, while Conduit-backed shell fabric fights off storms when stationary. The hood's laminated brim keeps vision clear, external skinny taping seals the microclimate and welded pit zips let off steam when working the route.

•Wt. 22oz. •Recon Ripstop w/Conduit laminate •Ergo hood  
•Hybrid Stretch nylon panels •Box Fleece lining  
•External taped seams •Welded pit zips

Men's Sizes: S-XL Shark/Chili, Black/Shark #103992 \$285.00

**Alpha Comp Jacket & Hoody** —by Arc'Teryx

Waterproof security and soft shell versatility fuse harmonically in this groundbreaking design. Panels of three-ply seal out wet weather in critical areas, while bombproof Tweave liberates the core with stretch and breathability.

•Wt. 15oz. (jacket), 18oz. (hoody) •No-lift underarm gussets  
•Laminated pocket zips and hem •Taped, helmet-friendly hood (hoody)  
•Durastretch weave w/ Waterproof/Breathable 3-layer PTFE  
•Waist length (jacket) Hip length (hoody)

Men's Hoody: S-XL Sangria, Black #101915 \$349.00  
Men's Jacket: S-XL Sangria, Black #102018 \$299.00

Multisport Shoes

**Trango Trail** —by La Sportiva

This bomber and beefy low top ranges from across-the-divide approaches to cross-town commutes. To-the-toe lacing and a sculpted heel cup hone the fit, while a gusseted tongue keeps out debris and an EVA midsole cushions on natural or manmade surfaces. Sticky Spider rubber rands and a Vibram sole combine for a good grip in any condition.

•Wt. 11lb 10oz. •Sticky rubber rands •To-the-toe lacing

EU Sizes: 38-47.5 Khaki/Beef #135696 \$85.00

**Mountain Master** —by Five Ten

Sighted often at both crag and coffee shop, this well-worn approach shoe is respected for its agreeable and adaptable character. Compression molded midsoles and synthetic leather uppers shave weight, while Stealth S1 soles and a technical toe rand aid in accessing routes. Known to possess a mellow style that serves daily duty at home, work or play.

•Wt. 11lb 14oz. •Stealth S1 soles

Men's: 5-14,15 Blue, Orange #349010 \$86.00  
Women's: 5-11 Cream #349011 \$86.00

**Extend Low** —by Salomon

Take this shoe anywhere and it will acclimatize to the situation. Constructed with split suede and Nubuck uppers for style, a Contragrip sole for stability and a cushy molded-midsole-and-foam-insole combo. From trail to town or the office to the climbing gym it incorporates function into the plan.

•Wt. 2lb 6.5oz. •Split suede/Nubuck upper •Ortholite insole

Men's: 7-12,13,14 Swamp/Combat #135722 \$85.00  
Women's: 5-10,11,12 Swamp/Natural #135723 \$85.00

**Odor Eliminator** —by Granger's

A two-pronged treatment formulated for a long-lasting effect. Eliminates old odors from ripe footwear and prevents new smells from accumulating.

#109023 \$4.95

**OXT Outdoor Cross Trainer** —by Dahlgren

These alpaca wool socks are light, and engineered for comfort with Dahlgren's Achilles Protection Zone and waffle knit in the instep.

M-XL Grey #103716 \$13.95

**Adrenaline 3/4** —by Smartwool

An itchless wool sock that regulates temperatures and manages moisture. Bulkless cushioning and a flat-loop toe seam for maximum comfort.

Men's: M-XL Light Grey #102787 \$16.95  
Women's: S-L Light Grey

**Exodus & Channel** —by Asolo

Soft on feet and hard to ground, these shoes use opposing material densities to provide progressive absorption and torsional rigidity. An integrated heel shock takes the pressure, while a stiff sole builds in both lateral lugs and directional brakes for better grip. Water-resistant suede uppers and anatomic footbeds.

•Wt. 11lb 14oz. •AsoSorb technology •Vibram Olympus outsole

Men's: 8-12,13,14 Cloud Grey #135711 \$94.95  
Women's: 6-11 Light Grey #135712 \$94.95

**Eclipse II** —by Garmont

From the work world to the world outside, these shoes cushion, stabilize and seal. A spine system and poly midsole soothe the flex and strike. At the sole, self-cleaning Vibram prevents mud from sticking around, allows a smooth forward stride and keeps a tight clunk-free profile.

•Wt. 2lb 2oz. •G3 Spine System

Men's: 8-13,14 Grey/Grey #165810 \$99.00  
Women's: 6-10,11 Stormy Sea #165811 \$99.00

**Venture XCR** —by La Sportiva

We prefer to tromp, bike or travel in this full function low top. A deep heel pocket keeps the foot firmly locked in and a Nubuck upper stands tough against wear. A deeply lugged FriXion Blue AT sole combines trail worthiness with pavement-pounding utility, while a Gore-Tex XCR membrane keeps out the rain and lets out the sweat.

•Wt. 2lb 2oz. •Gore-Tex XCR •FriXion Blue AT sole

Men's EU: 38-47.5 Grey/Red #102624 \$109.00  
Women's EU: 36-43 Indigo/Grey #102682 \$109.00

Approach Shoes

**Retro Tennie** —by Five Ten

Go old school with these classic throwback kicks. Reminiscent of the original approach shoe, this one uses Dotty Tread C4 rubber soles, an EVA midsole and a performance, low-pro Tennie last for up-to-date function. Look cool at the bar, move fast on the trail or simply relive the summer you spent living in the bus.

•EVA midsole •Stealth C4 soles

Men's: 5-13 Brown, Blue #200826 \$65.00  
Women's: 5-11 Blue #200830 \$65.00

**Pingora** —by Vasque

Breathable synthetic uppers and a stiffened-and Stealth rubbered-sole allow this full-spectrum shoe to approach or unwind with equal proficiency. A dual density midsole absorbs hard concrete or rock-peppered surfaces, while a contoured footbed and nylon internal lining take feet to a higher class of comfort.

•Wt. 1lb 14oz. •Synthetic suede upper •Stealth Grip-Tec sole

Men's: 7-12,13,14,15 Shark #103757 \$89.00  
Women's: 5-11 Sand/Maize #103759 \$89.00

**Sticky Cat** —by Garmont

A feline spine allows this new sticky shoe to flex and edge expertly. Firmed up in the forefoot for security, but kept soft where feel and comfort are prioritized, the design excels in multiple dimensions. A Vibram Crossover sole mixes lugs with a sticky compound and a clean, randed forefoot provides another point of contact.

•Wt. 1lb 14oz. •EVA midfoot stiffener •Dual-firmness midsole

Men's: 8-13,14 #135685 \$89.00  
Women's: 6-10,11 #135686 \$89.00

**Super Dago** —by La Sportiva

Hot spells, low latitudes and high deserts are the right venues for this highly breathable approach shoe. Built on a Boulder last, it incorporates AirMesh uppers, a polypropylene shank and Dot Rubber rands for a fast, cool and nimble feel. The tongue stays put thanks to an extra set of lace loops and the FriXion sole hits its stride at a speedy clip.

•Wt. 1lb 5oz. •Breathable AirMesh uppers •FriXion/Dot rubber soles

Men's EU: 35-48 Blue/Gray #135697 \$79.95

**D7** —by Montrail

Fast and technical performance is what you'll get from this unpretentious approach shoe. A folded-gusset tongue keeps out debris, a low volume toe gives pointed control and a supportive lace-to-toe fit helps the miles fly by. EVA foam in the midsole cushions and a dual-compound Vibram outsole brings both solid stick and trail durability to the shoe.

•Wt. 2lbs •Dual-compound Vibram sole •Folded-gusset tongue

Sizes: 7-12,13,14,15 Grey/Mustard #103708 \$84.00

**Guide Tennie** —by Five Ten

An irreplaceable favorite for getting to the route or scrambling up to a better view, the Tennie carries the attitude of a shoe that knows its purpose. C4 dotty tread soles and a technical toe rand perform up to a low fifth-class level, lace-to-the-toe provides a precise fit and a nice, even rocker eases long slogs back to the car.

•Wt. 1lb 9oz. •Stealth C4 soles •Technical toe rand

Sizes: 5-13 #103723 \$89.00

**Sticky Spin** —by Garmont

This function-first shoe lets its performance speak for itself. A Vibram Crossover sole blends trail grip with inclined friction, while edging and smearing well due to a dual durometer. Lace-to-toe gives climbers a familiar crank-it-tight fit and a QDS lining lifts sweat in settings from the average hike to a spontaneous scramble.

•Wt. 1lb 15oz. •Vibram Crossover sole •Wicking QDS lining

Sizes: 8-13,14 Grey #101216 \$94.00

Echo —by Asolo

With stiffness for control and softness to stop shock, the Echo’s shank/sole interaction is an Italian-engineered accomplishment. Closer footbed inspection reveals dimensional structure that assists in preventing pronation, twist and supination. A split outsole and Suede/Cordura mix match material to function, PU cushions in the midsole and a bi-density Syncro rubber subsurface sticks without feeling stiff through the stride.

- Wt. 2lb 8oz. •AsoFlex shank technology •Cambrelle lining

Men’s: 7-12,13,14 Tundra #135710 \$134.95

G-Wax Maximum Waterproofing —by Granger’s

Add the word ‘waterproof’ to your footwear with this water-and-stain proofing treatment. Used on footwear without barrier linings, it elevates repellency and protects against leather deterioration without sealing off natural breathability. Available in smooth leather, Nubuck/suede or fabric-and-leather formulations.

- 3.4fl oz. each •Approximately 7 applications

Smooth Leather #105007 \$7.50  
Nubuck and Suede #105008 \$7.50  
Fabric and Leather #105009 \$7.50

G-Tec Footwear Protector —by Granger’s

Intended for footwear with a waterproof membrane, this treatment reinvigorates repellency and preserves breathability. Recommended and approved for Gore-Tex, it protects against water, stains and leather deterioration. Available in smooth leather, Nubuck/suede or fabric-and-leather formulations.

- 3.4 fl oz. each •Approximately 7 applications

Smooth Leather #105010 \$7.95  
Nubuck and Suede #105036 \$7.95  
Fabric and Leather #105037 \$7.95

Vortex Mid TCY —by Tecnica

For 3-day fastpacks or lightning-quick strikes, this mid-cut makes the grade. An OXT Powercore increases torsional stiffness, a dual-response heel cage minimizes midsole compression and dual-density EVA cushions for the full motion of the stride. Waterproofed with a TCY liner and toughened with a water-resistant suede upper.

- Wt. 2lb 2oz. •Tecní-Dry liner

Sizes: 7-12,13,14 Walnut #349002 \$99.00

Pro Tek 5 LTR GTX—by Salomon

A good rubber rand, waterproofed Gore-Tex membrane and solid traction sole match up this rugged boot with hikes of moderate duration and difficulty. Die-cut EVA allows for good sensitivity and a full-suspension chassis keeps the heel locked down and the trek on track. Finished with a gusseted tongue and lace locking hardware that keeps it tied tight.

- Wt. 2lb 14oz. •Gore-Tex lining •Dual-density EVA midsole

Men’s: 7-12,13,14 Autobahn/Mid Grey #135720 \$109.00

Women’s: 5-10,11,12 Detroit/Sand #135721 \$109.00

Stratos XCR —by Montrail

Carving out a niche among fast-and-light converts, this mid-height hiker feels sprightly on the trail. A bootie-style upper nets a snug fit, while Gore-Tex EXO waterproofs—from the outside. Light materials save weight with each stride, a full-length skid plate protects against impact and a single-density EVA sole cushions with trail-shoe softness.

- Wt. 2lb 2oz. •Gore-Tex EXO upper

Men’s: 7-13,14,15 Grey/Denim #102386 \$129.00

Women’s: 5-10,11 Grey/Pale Blue #102423 \$129.00

Fugitive GTX & Stynger GTX —by Asolo

A dual-density core is the engineered secret behind the comfort of these long loop boots. Stiffened for lateral support, yet still soft to take the shock, the directional design finds middle ground. Gore-Tex keeps wetness away from feet, suede/Cordura uppers provide split-level performance and Syncro rubber sticks on the trail.

- Wt. 3lb 1oz. •AsoFlex shank technology •Gore-Tex lining

Men’s: 7-12,13,14 Wool/Black #101032 \$164.95

Women’s: 6-11 Spice/Black #100999 \$159.95

Strata GTX —by Garmont

Multiple material panels give this light hiker a super comfortable fit. Waterproofed with Gore-Tex and cushioned with visible EVA, it works well and lasts for the duration of any outdoor outing. Anatomically directed design coordinates solid stability, shock absorption and efficient propulsion over extended backcountry trips.

- Wt. 2 lb 10oz. •Gore-Tex lining

Men’s: 8-13,14 Grey #135689 \$164.00

Women’s: 6-10,11 Grey #135688 \$164.00

TPS 535 —by Asolo

Long loop and hefty pack performance have made this boot the gold standard of all-leather backpackers. Full grain leather looks classic and endures long-term wear, while a Vibram sole remains solidly stable trip after trip. Outfitted with PU to cushion, Cambrelle to wick sweat and the reliability to make camp on time.

- Wt 3lb 7oz. •Full grain leather uppers •TPS sole technology

Sizes: 7-12,13,14 Brown #346022 \$174.95

Trango Trek —by La Sportiva

From junction to ridge, this smooth-flexing and great-fitting hiker provides a reprieve on hard trails. A leather upper survives wear and tear, a DriLex liner keeps socks sweat-free and a Vibram Werewolf sole blends cushioning with traction. A nylon shank supports forty-plus loads and a mesh tongue is welcome relief under hot sun or on long uphill.

- Wt. 3lb 6oz. •DriLex liner •Nylon shank

EU Sizes: 38-47.5 Charcoal/Gray #346024 \$195.00

Glacier —by La Sportiva

In their rugged element, this boot responds with toughness and support. Comfortable with week-plus packs, it features an Ice-New sole for traction on uncertain surfaces and new-matic crampon compatibility for snowfield security. The half steel shank structures it stiff for heavy loads and a DriLex lining wicks sweat when hauling your tired self over the pass.

- Wt. 3lb 14oz. •Vibram Ice New Sole •New-matic Crampon compatible

EU Sizes: 36-48 #346026 \$225.00

Dakota Nubuck —by Garmont

On inspiring long-mileage trips, this stout boot will support your load and soothe your sole. A thick Nubuck upper seals out wet, a Vibram Ice Trek sole grips on exposed sections of trail and a Cambrelle lining wicks perspiration from feet. New-matic crampon compatibility allows pointed safety when the pass has yet to melt out.

- Wt. 3lb 14oz. •Vibram Ice Trek Sole •New-matic Crampon compatible •Anatomically Directed Design

Men’s: 7-13,14 Slate #102921 \$239.00

Women’s: 6-10,11 Slate #102922 \$239.00
