

## Join Eddie Bauer in the San Juan Islands

Tucked into the northwest corner of Washington, the picturesque San Juan Islands are a destination defined by natural rugged beauty and outdoor active potential. The island chain is not only the birthplace of Eddie Bauer but also a frequent spring destination for our sea kayaking, road biking and boat camping missions. It's a location deeply rooted in the character of our brand. For a true Eddie Bauer experience in the San Juans, we invite you to join us on the rock-peppered, Madrona-lined coastlines of America's newest National Monument. Preview the Spring 2014 collection, paddle the idyllic waters and experience the ferries, seaplanes, coves and character of one of America's most picturesque saltwater destinations. Find your way to the ferry dock and join us in the San Juans.

**When:** Sunday, August 11 - Wednesday, August 14

**Where:** Roche Harbor Resort  
San Juan Island, WA
